Ratnadeep Patil was born on 10th October 1966 in Mumbai, India. After completing his bachelor's degree in Dentistry at the Government Dental College and Hospital, Mumbai. Ratnadeep got trained extensively in esthetic dentistry and implants from the New York University College of Dentistry. He has been active in both the research and academic field, having been an investigator for many clinical trials and lecturing extensively across the globe on a wide range of topics including dental esthetics, dental implants and oral rehabilitation. His book titled "Esthetic Dentistry- An Artist's Science" has been published in 2001 and has gained immense popularity. He has to his credit several publications and has also contributed a chapter to the book titled "Clinical Orthodontics". Ratnadeep Patil has an exclusive clinical practice since 1989 with a focus on holistic inter-disciplinary treatments. In spite of his busy schedule, Ratnadeep finds time for his hobbies of travelling, meeting friends, wildlife adventure safaris and music. He also contributes for the less fortunate members of the society and for medical upkeep of senior citizens at an old age home. He is married to Pranati and they have two children, Pratyush and Rutika.
